

Lehigh Fails to Declare Dividend Hoped For and Declines as Result-Southern Pacific Shows Smaller Earnings.

Shows Smaller Earnings.

By THOMAS C. SHOTWELL.

New Tork, Jan. 12.—Under leadership of Reading the stock market was strong enday, although the trading was done light scale. The opening was barely steady, for traders were disapported at the extra dividend declared by the Lehight Valley Railroad. Lehigh stock declined two points in the first hour but before the end of the day was up nearly three leaders of the same shifted to Reading, which has are always that of the extra dividend declared by the Lehight was a similar to the same shifted to Reading, which has are always the of Central of New Jersey by the Reading which has a shifted to Reading, which has an always the of control of New Jersey by the direct was shifted to Reading, which has an always the of control of New Jersey by the direct was shifted to Reading, which has an always the of Central of New Jersey by the direct was shifted to Reading, which has a such destributed sooner or later. The cost before of weakness anywhere regard to Reading and the stock must be a such destributed sooner or later. The cost because the same shifted to Reading would make no provision as yet for issuing warrants. He has a market a company had as high as 710. As Lehigh stock bolders get a rash dividend of the banking stock is not known, and let will be desirable to have all speculations the right to rubarribe at put for let control to the stock, which sid at 10, the melon cut on Thursday afternoon really made it worth twenty-can points. This is as much as any one really expected. It was simply the terms of the announce ment that made the thing look disagnosting the same of the announce ment that made the thing look disagnosting.

Now that the Lehigh melon is out of the way, the street is beginning to image things in connection with Reading worth tabling about to the confidence of the later than all the lehigh melon is out of the way, the street is beginning to image things in connection with Reading cits a melon to the banking worth tabling about for the confidence of the

NEW YORK STOCK MARKET.

Rallway common continued its upward movement again yesterday, at the meet-ing of the pocal stock exchange. The self-ing started at 56%, and after two quota-tion lots were traded advanced to \$5.24. A hundred shares in lots of twenty-five such soid at this face.

A hundred shares in lots of twenty-five each sold at this figure. At the close the bild for more of the sinch was \$62-4. The stock was \$61-4. The stock was still effered at \$63-4. The stock was still effered at \$63-4. The bilding has been the close in this close the stock beautiful has been the close in this close the stock. Despite these bild advanced to \$67-4, for quotation lets, and \$6 for a large block. Despite these bild sevene on sales resulted, and the bilds were accordingly withdrawn.

Railway preferred stock sold at \$65-4 and \$63-4. Which is slightly better than the prices of the session the day before. The closing figures were \$61-4. bild, and \$63-4. asked.

No trading was done in Washington Gas during call. It closed with 21 bid, and 31 1-2 asked. After call a 100-share lot, and odd and quotation buts sold at 51. One quotation let sold at an eighth point better than this price.

The books of the Washington Gaslight Company close on the 18th instant for the dividend, and also for the annual meeting. The earnings of the company may be made public within a few days.

Capital Traction 5 per cent bunds were fairly active at 1105-8. Washington Gas is soid at 1101-4.

le soid at 1181-4.

A bid of 15 for 1,000 shares of the stock of the Citizens' Savings Bank was made yesterday, following a sale of ten shares at 154. The broker making the hid then advanced it thy steps to 30 without bringing out any of the stock. This occurrence was honked upon by many brokers as a reflection of the negotiations for the purchase of the stock of the Citizens' Savings Bank by those interested in the Continental Trust Company, which is now being organized. At the clees the bid of 30 was withdrawn and 17 substituted.

Declaring that they do not favor the Declaring that they do not favor the bill requiring that the deed of conveyinne to property purchased jointly by the
made to both governments, the Commissioners, in a report on the bill sent to
the House District Committee, say they
would not be opposed to a law requiring
that in the event of the sale of property
jointly purchased a reimbursement shall
be made to the credit of the United
flates and the District in proportion to
the amounts contributed by them for the
amounts contributed by them for the
manual contributed by them for the
made to the credit of the United
flates and the District in proportion to
the amounts contributed by them for
the attitude taken by the Commissionres is that in the interest of good administration the District abould take title to
all real estate acquired, regardless of
whether it was purchased in part with
money contributed by the Federal government. In the event of the sale of
property thus acquired, however, it is
their billed that proper return should be
made to the United States Treasury.
A hill licerporating their views in this
respect was forwarded to the House District Committee, with the suggestion that
to be submitted for the bill under consideration. sieve: Requiser suil, 12 o'edock moon.

You. for such supervision in an emer-gency."

The Commissioners state that the sug-greation of Col. Langfit, that at the time of transfer the District should repay the Federal government ELECOM for the amount which the United Blates has contributed foward the multicance of the water supply system is a question entirely independent of the queetion of establishing at this time a muly of cos-trol that sould lead to important and admitted economies in operation and admitted in the commissioners state that if the relimiturement is due, it should be paid, regardless of whether the transfer of jurisdiction be effected or not.

EQUITABLE WALLS NEAR COLLAPSE

Debris Must Be Removed from Top Floors First to Prevent Further Tragedies.

New York, Jan. 12.-An official commit-

New York, Jan. II.—An official committee of building experts discovered hate to-day that ti per sent of the elitows of the "I" beams supporting the debeticident floors of the Equitable Life Building had cracked, and that the complete collapse of the structure was imminent, placing the lives of 120 men wording in each shift as rescuers and shorers in great jeopardy.

It was decided to appeal to the courts in-moreow for an order, directing that the tunneling methods of removing the debris in order to quickly reach the fortune inclused in the vaults be stupped and immediate steps taken to remove the wreckage from upper floors at once by means of chutes to the street. Although this system will present the floritude to the the street of the dead, and also the time in which the millions of deliars of securities in the waults of the Equitable Life and the Mercantile Safe Deposit Company may be removed, it is believed to be the only method to properly aneggind the lives of the worker.

The server drop in temperature to-day sile caused much appreheasion to the
